Provision of services for the production and delivery of Kitchen Caddies to properties within the City of Rockingham

Enquiries to Blake Rose on 08 9528 8554

The City of Rockingham is inviting suitably experienced contractors for the provision of services for the production, assembly and delivery of Kitchen Caddies and compostable liners to properties (approx 56,000) within the City of Rockingham to compliment the introduction of a Food Organic and Garden Organic waste (FOGO waste) service.

**Tenders close at 2pm Wednesday, 11 December 2024
at the City's Administration Centre, Civic Boulevard, Rockingham**

Document Collection Method: Request for tender documents can be downloaded from 8am on Monday, 18 November 2024, by visiting the City's Rock Port portal: cityrockport.com.au.

First time users of Rock Port will need to create a new account to request the Tender documents. Existing users can log in with their existing Rock Port Account. When signed in, click on the "Tenders and quotations" tab and then the "View Open Tenders and Quotes" tile, and click on the link. Complete the information and click on "Submit". The Tender documents will then be available to be downloaded immediately.

To receive regular notifications on when the City advertises Tenders and Quotes, update your profile in Rock Port and in "My interests" click on Tenders and Quotations.

Document Submission methods: Tender Responses must be submitted electronically by visiting the City's Rock Port portal: cityrockport.com.au or in hardcopy format, see Part 1.2 and 1.3 of the Request for Tender document for further information.

The City no longer accepts email submissions of Tender Responses.

The lowest or any tender not necessarily accepted. Canvassing of the Mayor or Councillors will lead to automatic disqualification.

Tender T25/26-33

Provision of concept, schematic and detailed design services for the Safety Bay Foreshore Community Facility Development

Enquiries to Andrea Clark on 9528 0409

The City is seeking the services of a multi-disciplinary Consultant team to undertake the Design Phase of the Safety Bay Foreshore Community Facility Development. This includes preparation of a functional brief, undertaking community and Council workshop presentations, preparation of concept, schematic and detailed design documentation, and seeing this project through both the tender administration and construction stages.

The key vision for this area of the foreshore is to develop both community and commercial buildings, along with supporting amenities such as car parking and landscaping within a Class A reserve that will enhance the activation and tourism attraction of the foreshore and adjacent natural environment.
